

***TSCOST participation in Brainstorming program organized by CESS,
Hyderabad : 01.04.2023***

- Telangana State Council of Science and Technology, TSCOST has set up the SC & ST Cell at Regional Science Centre (RSC), Warangal with the support from SEED, DST, Gol.
- The Core mandate of SC & ST Cell is to design and implement the interventions in the domain of Science, Technology & Innovation (STI) for enhancing the livelihoods of the Scheduled Caste & Scheduled Tribe Communities in collaboration with the knowledge partners. In this regard, TSCOST commissioned a huge survey titled “Comprehensive Baseline Survey of SC & ST Communities in Telangana State: Mapping of Data and Resources on a Spatial Domain”.
- The SC component of the baseline survey will be carried out by Centre for Economic and Social Studies (CESS), Hyderabad and ST Component will be carried out by Tata Institute of Social Sciences (TISS), Hyderabad.
- The research agencies (CESS & TISS) has to identify the potential livelihood areas or dimensions that can be addressed through STI interventions so that the identified dimensions can be incorporated into the survey instruments.
- CESS conducted Brainstorming Session on 1st April, 2023 at their own premises and invited experts to share the valuable views and inputs.
- TSCOST participated in the program and gave suggestions.
